Alon Parag

Al Engineer | Full Stack Engineer

Phone: +49 176 467 80419 **Email**: allon.parag@gmail.com

Linkedin: https://linkedin.com/in/alon-parag **Github**: https://github.com/alonoparag

Summary

Al Engineer with a strong background in machine learning, data engineering, and complex system development. Experienced in designing and implementing RAG systems and information retrieval solutions. Skilled in Python, LangChain, and modern Al/ML frameworks. Passionate about innovation and leveraging emerging technologies to build scalable Al solutions. Strong analytical mindset with proven ability to work in fast-paced, evolving environments.

Skills

Technical Skills Python - 5 YoE

Frameowork and libraries:

Langchain: 3 YearsLanggraph: 2 yearsPydantic: 4 years

Pydantic: 4 yearsFastAPI: 3 YearsAirflow: 5 yearsSQLAlchemy: 5 years

· Pytest: 5 years

Typescript - 3 YoE

Frameowork and libraries:

· NestJS: 3 Years

· Langchain-JS: 3 years

React: 1 yearVite: 1 year

TypeORM: 1 year

Databases and Infrastructure

· Frameowork and libraries:

Postgres: 5 yearsMongoDB: 3 yearsKafka: 4 yearsAWS: 5 yearsDocker: 5 years

Soft Skills

- Strong client communication & technical consulting abilities.
- Problem-solving & critical thinking in data-driven projects.
- Experience in collaborating with technical & non-technical stakeholders.
- Ability to manage multiple projects in fast-paced environments.
- · Proven leadership and mentoring abilities.

Experience

Attunement - Alon Parag | Paphos, Cyprus | 01/2025 - Present

Al Engineer

Key Responsibilities:

- Consulting clients on AI enabled projects
- Providing hands on support

Technologies:

Python. Typescript, Langchain, Pydantic, FastAPI, NestJS, React, Postres, MongoDB, AWS, Docker,

TAIWA GmbH | Berlin, Germany | 07/2023 - 02/2025

Al Engineer

Key Responsibilities:

- · Develop TAIWA AI service.
- · Design and develop TAIWA data analytics platform.
- · Lead AI and Data delivery schedule.
- · Lead research efforts into new technology.
- · Mentor and guide other AI team members.
- · Present AI and Data solutions to the entire company

Notable contributions and achievements

- Design and development of the AI service from the ground up.
- Design and development the data analytics service from ingestion to delivery.
- · Research and implementation of RAG for Taiwa service.
- Implementation of custom GenAl use-case for organizational training.
- Identified opportunity for infrastructure **cost reduction** which saved 50% on costs.
- Providing ongoing support for backend development.

Technologies:

Python. Typescript, Langchain, Pydantic, FastAPI, NestJS, Postres, MongoDB, AWS, Docker, Datadog

Sparrow GmbH | Berlin, Germany | 04/2023 - 07/2023

Data Engineer

Key Responsibilities:

 Defining and developing automations for cleaning and structuring complex unstructured data from global and European manufacturers and suppliers.

Contribution:

Built automated scrapers to populate customers spare parts catalog.

Transitioned to an AI Engineer role for further career growth.

Technologies:

Python, Postgres

Experience

wefox GmbH | Berlin, Germany | 11/2021 - 04/2023

Data Platform Engineer

Key Responsibilities:

- Developing and maintaining wefox's data platform's ingestion tool.
- · Ensure data observability for BI developers.
- Support BI developers and other users of the data platform.
- · Mentor new engineers.

Notable contributions and achievements:

- Designing and building a generic ingestion tool to handle more than a 100 data sources of different types.
- · Implemented data observability solutions and enhanced system reliability.
- · Introduced data historization methods such as type-2 historisation to our data warehouse

Technologies:

Python, Airflow, Kafka, Postgres, Snowflake, dbt, Docker, AWS, Grafana, Prometheus

Bootcamp

Code Academy Berlin | Berlin, Germany | 04/2021 - 09/2021

Data Engineering Bootcamp

- Data Analysis
- Data Visualization
- · Machine Learning
- Data Engineering

Online Courses

Kaggle

- Intermediate Machine Learning
- Advanced SQL
- Feature Engineering
- Time Series & Forecasting

Other Certifications

- Machine Learning Specialization
- · IBM Data Science Foundation

Languages

English Native **German** Fluent (C1) **Hebrew** Native

Open Source Contribution

Expanding langehain-aws to support async-documentdb vectorstore
